

TO: UMass Chan Medical School Eligible Employees  
FROM: UMass Chan Medical School Human Resources Benefits Office  
DATE: September 28, 2023  
SUBJECT: Coming Soon - Special Enrollment for New Voluntary Benefit Offering from UMass Starting October 2, 2023

---

The UMass Office of the President is pleased to announce a special voluntary benefit to UMass Chan eligible employees, to apply for a long-term care and life insurance benefits plan from Trustmark. The long-term care and life insurance benefits plan is to help you and your family create a plan for chronic care that helps protect you during a chronic care event.

Eligible employees may enroll in Trustmark's Chronic Care and Life Insurance Benefits plan during the initial enrollment period, **October 2 - October 27, 2023**. Eligible employees through age 70 are guaranteed acceptance and don't need to provide proof of medical insurability. \*Applications during future enrollment periods will require proof of good health through full medical underwriting. If you currently have a policy, this new offering will not affect your existing coverage and not any action is required.

**The initial announcement and subsequent email communications throughout the enrollment period will come from "UMass@ltpartners.com"**. It is safe to open these emails and any links provided within the email. All email replies will go to a licensed Trustmark enrollment counselor.

To learn more about this offering from Trustmark, a live webinar is scheduled for **October 5 at 11 a.m. Click on the webinar button below to register.**

Click here to register for a live webinar on Oct. 5 at 11 a.m. (EDT) and learn more about Trustmark's Chronic Care and Life Insurance Benefits Plan .

We encourage you to take some time to learn about this benefit offering. **You may click here to access the [Chronic Care and Life Insurance Benefits Plan FAQs](#)** for more details.

**Watch for more information on October 2!**

*\*During future enrollment, **New Hires will not** require proof of good health through full medical underwriting.*
