

## Message from UMass Memorial Medical Center – Flupalooza Flu Schedule

### Flu season is coming!

This year, to protect our patients and ourselves, we're conducting numerous flu vaccination fairs with expanded hours covering all shifts at all of our Medical Center campuses. We call these events “Flupalooza” and they are meant to more efficiently provide vaccinations during flu season, which runs **only** from October through December.

The Fall 2014 Flupalooza schedule is posted below and will be announced in *News & Views*. Note: vaccination at the Flupalooza events is highly encouraged as flu shots will **not** be available through Employee Health Services (EHS). This will allow EHS staff to meet the many health needs of all our employees.

Heading to a Flupalooza flu fair? Print and complete your [Flu Shot Form](#) in advance to save time.
