*Present a Professional Development Seminar*

# How to Easily Find Funding Opportunities Relevant to Your Research

Connie Johnson, Ph.D.

Associate Director,  
Corporate and Foundation  
Relations at UMMS

Join us for an interactive and hands on demonstration of *Pivot*, which will give you access to a comprehensive on-line data base of funding opportunities. Bring your laptop and run sample searches relevant to your own interests during the demonstration.

You will create an account so that you can save searches and get an automated, single weekly email with updated results. Dr. Johnson will show you how to streamline your searches and how to determine whether or not a search is effective.

**Monday, May 13, 2013**

**2:00 to 3:00 p.m.**

**S2-351 and 352**

**Refreshments will be served**
